Area of operation	India

BRIEF BACKGROUND:

Navjeevan Gramodaya Prathistan (NGP) is working since 1994 in the field of rural & urban development. The major thrust areas of organization is Natural resource management through watershed development and water sector for community, women & child development for health & education aspects and livelihood development for deprived section including landless families of society. In totality, NGP has benefited over more than 65000 people through different development projects.

G. THEMATIC AREAS:

- Child protection, development and protecting Human rights.
- Health and Sanitation
- Women empowerment.
- Educational development.
- Natural Resource Management and Environmental Protection

TARGET GROUP:

Target communities served by Navjeevan Gramoday Pratisthan (NGP) are from the lowest strata of society, especially women, children, the vulnerable & infirm. NGP works for the up-liftment of people limited by a low status in society in the areas of social, economic, domestic, personal and cultural development. The total number of people directly and indirectly benefiting from the services from NGP is approximately over 65000 since from 1994.

OUR PROJECTS

PRESENT ONGOING PROJECTS

1. Navjeevan Balaksharam (Since 2010)

Navjeevan Balakshram is running since 2010 at pathardi in Ahmednagar District with support of Women's and Child Development department Maharashtra Government for 100 Children. Navjeevan Balakshram is a home for homeless, needy and orphaned children. The term Navjeevan refers to a new life. This organization is dedicated to work towards giving new life and opportunities to orphan and destitute children, irrespective of their religion or caste. Mainstreaming the Orphan children in the national building by providing care, support & protection through shelter, food, and education is our mission.
